

Analysis Seminar Thursday March 3, March 10, 2016, 12:30pm-1:20pm in SCEN 322

John Akeroyd, University of Arkansas

Title: *Notes on Frostman Blaschke products*

Abstract: We give some recent results regarding Frostman Blaschke products in the contexts of: Closed-range composition operators on Bergman spaces, a question of Vasyunin and prime and semiprime functions in H^∞ . This is joint work with P. Gorkin.
